

REGISTRATION INSTRUCTIONS

1. Choose a class or classes.
2. Fill out the attendee information (one attendee per registration) legibly.
3. Please send in the registration by the due date.
4. Once we receive your registration and payment, we will email you the details of how to attend your sessions or view your continuing education classes. This may consist of a code to use to log in that can only be used the day of the class, or it may be a sequence of links to download recorded classes. Full details will be provided in your registration confirmation email.
5. Be sure to write down the code provided in each of your continuing education sessions. Once classes are concluded and class codes are announced during the presentations, email your codes to colleenmastro@hotmail.com.
6. Your participation sheet will be emailed to you to turn in to Ecology. This sheet will be very similar to the one you would receive at the in-person classes.
