

# Spring 2022 CEU Seminar

## Driller Agenda

*Presented by the Washington State Ground Water Association*

	<u>Agenda</u>	<u>Speaker</u>
7:30-8:00	<b>WSGWA Registration</b>	
8:00-8:15	Welcome	WSGWA
8:15-10:15	<b>Regulations Update</b> This session will cover any new developments in Washington's well construction and licensing statutes as well as review current regulations and industry updates.	<b>Department of Ecology</b>
10:15-12:15	<b>Large Diameter Ranney Collection Wells</b> The class will provide an in-depth and interesting look into the construction start to finish of a Ranney Collector Water Well. It's construction mimics the construction of vertical water wells only is done horizontally below the static water level inside a 20 foot cement rebar enforced casing.	<b>Steve Kaser: Forge Pacific</b>
12:15-1:00	Lunch	
1:00-2:00	<b>TBD</b>	
2:00-3:00	<b>Driller Roundtable</b> Conversations, dialogue and solution finding dynamics within the water well industry.	<b>Various Drillers in the area</b>
3:00-4:00	<b>TBD</b>
